

Corrigendum

An error was made in the preparation of Fig. 2(a,c,e) in Spooner & Vaughn (2006), in that the key and the data columns were transposed. The correct figure is reproduced below in its entirety.

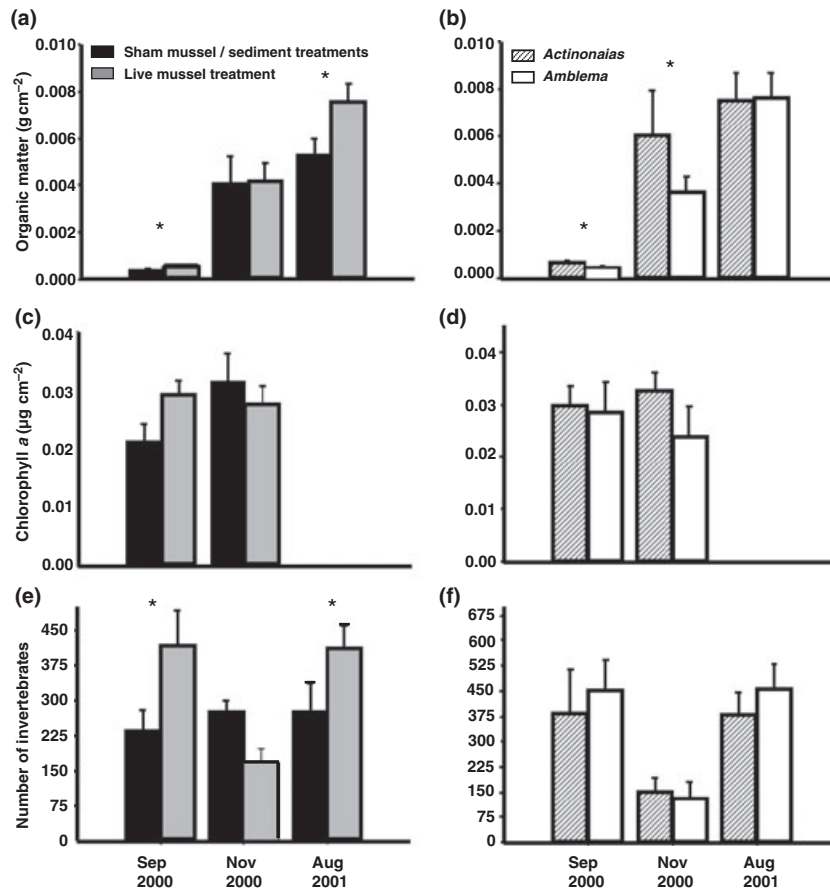

Fig. 2 Mean ± 1 SE for sediment response variables. (a), (c) and (e) are ANOVA comparisons of live mussel versus sham mussel/sediment treatments. (b), (d) and (f) are ANCOVA comparisons of the two species. Asterisks represent significant differences from multiple comparison procedures.
